

Serving K-12

Little Scholars of Arkansas Academy

North Little Rock

A public school with comprehensive college preparatory program focusing on science, mathematics, and technology.

December 12,2011

Dear Sir/Madam ,

I am writing to invite you (or someone from your organization) to consider participating in a career fair at LISA Academy NLR on March 9th, 2012. This half daylong event will highlight local employers representing various career clusters. This event will be a win-win for both students and exhibitors. Students will learn about the skills and education they need to prepare them for career opportunities. Exhibitors will be able to showcase their places of employment, as well as, enable students to catch a glimpse of future career possibilities.

Communication with employers outside of school helps reinforce lessons they learn in school. Being an exhibitor allows you to help prepare students for a career in your organization, as well as, allowing them to see the significant impact you have on our local community.

I hope you consider joining us for this event. If you are not able to attend the career fair and would like to make a donation that represents your business, we would be appreciative of your generosity.

Please contact me to receive additional information about this exciting event. Educating students about the opportunities that exist for them in their locality will enable us to retain talented future employees and to remain a competitive workforce.

To register;

Please go to www.lisanorth.org and fill out online application form.

I look forward to working with you in this endeavor.

Sincerely,

Ersin DEMIRCI

Asst. Principal
